ENVIRONMENTAL POLICY

Environmental responsibility and performance are essential parts of our goal to become the leading global renewable energy management company. We at Power Factors Single Member S.A. strive to be environmentally conscious, we aim to make mindful decisions to reduce our footprint, and we work toward a greener tomorrow.

To accomplish this, we are committed to:

- Implement and certify the internationally recognized environmental management system, ISO 14001:2015, in all our operations to ensure accountability and continuous improvement.
- Identify, review and understand the environmental aspects and impacts arising from our existing and planned activities.
- Set and communicate objectives and targets that result in continuous improvement of our environmental performance and the Environmental Management System itself.
- Comply with all applicable laws and regulations and with any other environmental requirements or commitments.
- Follow a concept of continuous improvement and make best use of our management resources in all matters of environmental sustainability.
- Identify and implement ways to improve the efficiency with which Power Factors uses materials, resources and energy, prevents environmental pollution, minimizes emissions, and recycles waste.
- Provide the leadership and resources required to make this policy and our environmental objectives effective.
- Encourage and equip every employee to act responsibly and reduce our environmental impact, by providing appropriate training and awareness.
- Communicate our aspirations and progress in reducing our environmental impact to interested parties, including suppliers, local authorities, stakeholders and project partners and taking account of the goals and aspirations of those organizations.
- Routinely monitor, assess, evaluate and report on the company's environmental performance and on our conformity with this policy.

In our endeavor to make this policy a success, we seek the participation and support of all interested parties, including customers, suppliers and employees.
